***Responsible, Respectful, Ready to Learn,  
Nothing Less Than My Best***

Dear Parents, Guardians and Friends,

I am excited to welcome you to the 2020-21 school year at Asa C. Adams School. This is going to be a year like no other!! We have spent such an amazing amount of time working to get our school and classrooms ready for a safe and exciting return! And we are ready!

At Asa C. Adams, we strive to make learning accessible, to meet the needs of each and every student, and to make school fun! Your child will have a wide range of educational opportunities, such as core academic subjects, fine arts, and foreign languages. But know that all of our decisions around programming will always have our students' emotional and social needs at the center of our decision making.

I will be updating you on a regular basis through communications using School Messenger, which will be how you access the bi-weekly Asa Updates newsletter. It is important to me to work with you as a partner in your child's education and I ask you to reach out to me at any time to share thoughts, concerns, and questions.

Please note the addition of the Asa Adams Return to School handbook at the end of this document. It contains very important information on the procedures and protocols we have put in place this year in order to keep our students, staff, and families safe. The information contained in the Return to School handbook is the most current information we have available. We will work hard to keep it up to date, as situations arise and change.

In this, my eleventh year in administration, I can honestly say that having a positive attitude and growth mindset has never been more important. We can do anything as a team for your children!

So here is to another Asa Amazing school year!

Best,  
Kristin L Briggs

## **RSU #26 Mission**

*Cultivating a community of responsible, respectful, and passionate learners.*

## **RSU #26 Core Values (for greater detail see Section 4: Student Conduct and Discipline)**

- Caring
- Respect
- Responsibility
- Fairness
- Honesty

## **Asa C. Adams Core Beliefs**

The staff at the Asa C. Adams School believes that our school community is responsible for fostering a learning climate founded upon:

- Caring
- Respect
- Responsibility
- Fair and firm expectations for behavior
- Valuing and appreciating learner diversity

Our teaching practices and learning strategies, including instructional goals, placement, groupings, and activities that:

- Represent high expectations for performance by all learners
- Ensure success for all learners
- Take into account the wide range of intelligence types, learning styles, learning rates and developmental needs existing within our learning community
- Ensure that our students acquire knowledge, skills and an understanding of the process of learning
- Reflect knowledge that learning activities should be meaningful and demonstrate relevancy to real life needs
- Promote student independence in learning

Our curriculum, instruction and assessment reflect high academic standards, teacher and student accountability for learning, shared decision-making between students and teachers, a well defined spiraling curricular design, and integration of curriculum.

## **School/Home Partnership**

In order to help all students achieve high standards, we ask parents to provide:

- Assistance with homework when needed and a quiet place to work
- Nutritious meals and snacks and lots of exercise opportunities for kids
- Communicate in a timely fashion with school staff when questions or concerns arise
- Consistent expectations for appropriate behavior

The school staff in return will provide:

- A close working relationship with the student's family centered around communication
- A positive approach in the classroom that focuses on student's strengths
- A safe learning environment
- All materials necessary to participate in learning tasks
- High expectations for all learners

We ask that students be invested in their own learning. Things that students can do include:

- Focus on the learning activities provided
- Find time to read everyday
- Talk with their parents about what is going on in school
- Treat others with respect to allow for a safe and caring school for all
- Come to school every day
- Communicate with school staff if they have concerns or questions

## Visitors To The School

The school encourages the active interest and involvement of parents and citizens at Asa C. Adams School. In order to avoid interruption of the instructional program and to promote the safety of students and staff, the following procedures have been adopted.

The term “visitor” applies to any person on school grounds or in school buildings who is not an employee or student of the school department. All visitors (including parents/caregivers) are required to enter through the main entrance and report to the main office upon arrival at the school and at the completion of the visit. Visitors must sign-in at the office and will need to wear a Visitor’s Tag if they are going to move throughout the building for any reason. **All visitors who wish to visit classrooms, observe aspects of the instructional program, and/or meet with staff members are expected to schedule those visits in advance with the classroom teacher.** Teachers or other staff may not use instructional time to discuss individual matters with visitors.

School visitors will comply with the directions of the principal and will not interrupt or interfere with classroom and other school activities. The building administrators have the authority to refuse entry to school grounds or buildings to persons who do not have legitimate school-related business or who may disrupt the operations of the school.

## Volunteer Program

We value the support we receive from volunteers and realize that we would be unable to provide such quality experiences for the children without their time and expertise. Our goal is to facilitate the involvement of parents and community members in our schools in a variety of ways. However, our overriding concern is for the safety of the children in our care. We strive to ensure that our children benefit from the help and support volunteers provide and are also provided with the best possible security.

A volunteer is designated as someone who has applied and been approved by the building principal as a person willing and interested in providing specific and predetermined education or service in a classroom or school-wide setting. All volunteers must be approved by the principal and shall serve under the direct supervision of the professional personnel of the school to which they are assigned or have offered their services. Volunteers may provide regularly scheduled service or a one-time service.

### Application Procedure for Volunteers

1. Volunteers are required to complete an Asa C. Adams Volunteer application before beginning any volunteer activity. An applicant can request to work in a particular assignment or express a general interest in volunteering. Applications are available at the main office and on the Asa. C. Adams website.
2. Applications will be reviewed by the building principal and/or designee. The principal will check all references. When volunteer applications are approved, the applicant will be notified.
3. A general orientation for all approved volunteers will be conducted by the building principal or designee three times annually. Volunteers must sign the Asa C. Adams volunteer code of conduct prior to volunteering. Additional job-specific orientation will generally be provided by the Asa Adams employee most closely involved with the assignment of the volunteer.

## No School & Emergency Announcements

Whenever school is canceled due to weather conditions, announcements will be made through local radio and television stations. Families are encouraged to listen to these announcements. RSU #26 also uses an automated phone call to your home for snow days, emergencies, and community informational notices. ***Please keep your contact information up to date in our main office to ensure timely notice of these events.***

## Emergency Response Team

Asa Adams School is committed to the comprehensive safety of our students and staff. In addition to our

locked facilities, we have an active Emergency Response Team who meet regularly to keep our district Emergency Response Plan up to date with best practices in the field. While this plan is not available to the public, it is important to know that in the event of any emergency, we will be communicating with you as parents in a predetermined, organized way. We run several drills annually to prepare staff and students for a variety of situations in accordance with our plan.

### **Pictures and Videos on the Internet**

Any photo or video taken during the school day at a non-public event is subject to the school board policy JRA-R, which requires written permission from the parent(s) of the students being photographed and/or recorded. We ask that in regard to public performances and events that discretion is used and student privacy be honored by not uploading content to the Internet.

### **Procedures for Dogs on School Property**

For the safety and comfort of our students and staff, dogs are not allowed within 50 feet of any school exit or on the playgrounds.

## **SECTION 2: STUDENT & PARENT SCHOOL PROCEDURES**

### **School Lunch and Breakfast Program**

School lunch and breakfast will be offered beginning the first day of school. **Students attending the early breakfast program must not arrive before 7:45 A.M.** Lunches and breakfasts need not be bought for a full week. Credit will be given for days the student is absent. Prices are subject to change due to state regulations, costs and federal funding. See the lunch menu that is sent home monthly for updated price information.

Lunches and/or breakfasts should be paid for on the first day of each week, for that week, unless the child has an excused absence. In such cases the child may bring the payments on the day he/she returns to school for that week. Cold lunch milk can be purchased on a daily basis.

### **Supervision After School**

Parents should understand that supervision is **not** provided after students leave the building at dismissal time. Students playing on the school or town playgrounds after dismissal will **not** be supervised. If you intend to pick your child up after school and will arrive after the buses have left, please send a note detailing where your child should wait.

At the end of the school day it is strongly recommended that students do one of the following:

- Board their bus
- Meet their parent in the designated location for pick-up
- Go to an after-school program
- Participate in a scheduled after school activity
- Walk directly home

### **Parent-Teacher Conferences**

Annual Parent-Teacher conferences are scheduled for November. Parents/guardians will be contacted about a scheduled time for their conference. Conferences at other times of the year may be made by contacting the teacher or calling the office at 866-2151. These conferences are held before or after school. Appointments must be made in advance.

### **Cell Phones and Personal Electronic Devices**

The school cannot safeguard the valuable personal electronic devices of students. Students should not bring electronics or large amounts of money to school or to school sponsored events. If bringing a cell phone or electronic item to school is unavoidable, the item must be turned off and kept in the student's backpack during the school day. Cell phones, iPods/MP3 players, electronic tablets, handheld video games, laser lights and similar kinds of items are not to be worn or used during the school day. If such an item is worn or used during

the school day, it will be confiscated and returned to the student or parent after a conference to remind students of the behavioral expectation. The school is not responsible for lost or stolen items.

### **Birthday Party Expectations**

We recognize the excitement that goes along with celebrating a child's birthday. However, birthday invitations should **not** be distributed at school unless each child in your child's class receives an invitation. Invitations that come to school that do not meet this criteria will be returned home with the student for an alternate form of distribution.

### **Telephone Use**

The school phones are for school business only. Students should ask permission to use the phones and **only emergency use will be allowed**. Phone messages will be taken and passed on without interrupting classes.

### **Student Dress Code**

It is our belief that a pupil's appearance has a direct effect on his/her attitude and peer relationships in our school environment. Pride in the school is not complete unless there is pride in the personal appearance of the student body. Personal attire should be in good taste and avoid extremes that may cause safety issues or distractions to the learning environment. **Please label your child's outdoor clothing items with their name in a permanent marker**. Please ensure that your child is properly dressed for the weather conditions, in order to enable him/her to participate in scheduled recess activities.

### **Bus Procedure**

Parents are responsible for seeing that children get to and from their assigned bus stops and for providing appropriate supervision while waiting at or departing from the bus stop. Student behavior while loading/unloading a bus, or riding a bus must be consistent with bus rules, RSU #26 policies and Maine State Law. Behaviors not consistent with these expectations will result in disciplinary action by the bus company and/or the school. Disciplinary action can include suspension and/or removal (temporarily or for the remainder of the year) from any bus. Removal from the bus can include transportation by the school's contracted bus company on field trips or school sponsored events at the discretion of the principal.

Bus students must bring a signed note from their parent if they are to be picked up after school by anyone other than their parents. If there will be a change in where your child is dropped off, please make sure your child gives a written note explaining this change to his/her teacher, not to the bus driver. The teacher will supply the bus driver with the note. This way, the teacher can put your child on the appropriate bus and the bus driver will know where to drop the child.

### **Library**

All students have regularly scheduled opportunities to visit our library. Students may check out books for a two-week period. If students lose or damage books, they are responsible for the cost of replacing those books.

### **School Property**

All materials and equipment are the property of the Asa C. Adams School. Students are responsible for the proper use of materials and equipment. Any person misusing or causing damage to school property will pay for any damaged materials and/or equipment plus face possible disciplinary measures. The principal and the superintendent of schools will establish the value of the property and payment arrangements. In grades three through five, if students are issued textbooks, we ask that students take care to cover the books with an appropriate book cover.

### **Legal Custody**

Schools have become increasingly concerned about cases involving questions of legal custody. According to

the Family Rights and Privacy Act of 1974, "Custody or other residential arrangements for a child do not, in themselves, affect the rights of the child's parents under the Family Educational Rights and Privacy Act." Parents who have sole custody rights must file with the school a copy of the court order. Unless the school has such an order on file, we cannot deny either parent from requesting the child be dismissed into his/her custody. Should you have further questions regarding this matter, please contact the school principal.

**Students Transferring To A New School**

Parents are asked to notify the school office one-week in advance of a transfer to a different school. Advance notice helps to ensure a smooth transition for the student and his/her new school. Once a child is registered at a new school, that school will notify us and we will forward their educational records to the new school.

**SECTION 3: ASSISTANCE FOR STUDENTS / PARENTS**

**School Counseling Program**

The school counselor is available for all Asa Adams students. Individual meetings, small groups, and classroom lessons are all components of the school-counseling program. Parent consultation, community mental health service referrals, and student advocacy are also services provided for students and families. Please call, e-mail, or set up an appointment to access any of these student services for your child.

**School Nurse**

We share our school nurse with the middle and high school. The school nurse is generally in our building by 12:00 P.M. She can be reached at any time in case of emergency by contacting the main office. Students who are too ill to attend class will be sent home to recover. For the 2020-2021 school year, we will also have a nursing assistant to support the school nurse.

**Student Support Team**

The Asa Adams Student Support Team is a group of concerned educators assisting students who are having academic and/or behavioral difficulties. The team assists students who are experiencing such concerns as academic decline, frequent absences or tardiness, health problems; and/or out of school issues affecting school performance. Grade level, Title I, and RTI teams meet weekly to review and discuss specific grade level academic performance and various interventions.

<p>All concerns: Tier I - teacher contact parent/guardian to discuss academic and/or behavioral concerns, conferencing, consultation with other teaching staff and Student Support Team</p>	<p>Tier II = Parent contact/conferencing /consultation with teacher, Student Support Team, observations(s) data collection by members of the student support team/teachers.</p>
<p>Tier I- Academic: Accommodations to environment (Universal Design). Accommodations to presentation of material/instruction (Universal Design)  Tier I - Behavioral: classroom strategies and modifications, complete SWIS forms by Student Support Team to clarify concerns and review progress</p>	<p>Tier II = Academic: Title 1 services, Reading Recovery, Individual accommodations to environment, curriculum, presented material/instruction (Universal Design) developed with Student Support Team Meet with parent and student support team,  Tier II = Meet with parent and Support Team, Behavior Plan (check in- check out)</p>

**Special Education Services**

Asa C. Adams School offers a wide range of services to any student who is identified as having a disability. Parent(s) who suspect that their child has difficulty learning should first discuss their concerns with the student's teachers. If the concerns are not resolved, parents may discuss referral for special education services with the classroom teachers. Information about referral procedures and programs may also be obtained from the Director of Special Services, at 866-7110.

**Processing Parent/Guardian Complaints**

The staff continually strives to maintain positive communications with all parents. It is very important for both the school and parents to work together providing successful educational experiences. However, we are all human and our students are human. Therefore, there will always be concerns or problems which will need to be worked out. We ask when concerns arise that you:

- FIRST:** contact the child's teacher/staff member with whom the concern lies
- SECOND:** if necessary, contact the principal
- THIRD:** if necessary, contact the superintendent of schools

## Student Attendance

Consistent and regular school attendance is essential for students to make satisfactory academic progress. Whenever a student misses class, he or she has lost an important aspect of education. In order to promote good school attendance and maximize learning opportunities, Asa Adams School adheres to the RSU board policy JEA: Compulsory Attendance and the following attendance guidelines:

1. Accurate records of student attendance including absence, tardiness and dismissal are maintained in the main office. Reasons for absence and tardiness are verified and recorded as either excused or unexcused. **The school principal will make the decision on whether the absence is excused or unexcused.**
2. If a student is absent from school, parents are to telephone the main office at 866-2151 between 7:45 and 8:30 am. to notify the school of the absence. You may leave a message on the machine when calling the school earlier than 7:45.
3. Excused absences, tardiness and dismissals as determined by state law and school board policy are as follows:
  - Absence due to personal illness. In the case of illness or suspected truancy, a doctor's statement may be required;
  - Appointments with health professionals that cannot be made outside of the regular school day;
  - Observance of recognized religious holidays when the observance is required during the regular school day;
  - Planned absences for personal/educational purposes that are approved in advance by the principal.
  - Emergency family situations – Excused absences under this category will be those due to emergency family situations, which cannot be anticipated, that require the student's presence.
  - Education disruption resulting from homelessness, unplanned psychiatric hospitalization, unplanned hospitalization for a medical emergency, foster care placement, youth development placement or some other out-of-district placement that is not otherwise authorized by either any individual education plan or a superintendent's' student transfer agreement. "Education disruption" does not apply to a student who is out of school for 10 or more consecutive school days as a result of a planned absence for a reason such as a family event or a medical absence for planned hospitalization or recovery.

Absences (tardies or dismissals) for reasons other than those listed above will be considered unexcused absences. Teachers are not expected to provide missed assignments for students other than those situations described above. We also ask that parents give prior notification for excused absences whenever possible. This will allow teachers appropriate time to prepare missed assignments.

4. Chronic and Excessive Absenteeism: Administration will follow a three-tier intervention system in an attempt to correct chronic or excessive absenteeism:
  - a. Tier 1: Phone Call Home and Written Letter Communication
  - b. Tier 2: 2nd Letter, Parent Meeting, Attendance Plan
  - c. Tier 3: 3rd Letter (certified), Notification of Authorities and/or DHHS

Chronic Absence is when a student misses approximately 10% or more of the school year (regardless of whether absences are excused or unexcused). A cumulative absence rate of 20% or more is determined Excessive absence.

Any student who accumulates 10% absences from school for any reason will have his/her case reviewed by the principal. The principal may determine the absences are clearly explained and further action is not necessary, or he may refer the case to the Student Attendance Committee. The Student Attendance Committee is comprised of the members of the Student Support Team and at least one of the student's classroom teachers. The Student Attendance Committee will meet with the student and parents and/or discuss and recommend remedial action including possible referral to other school and community resources.

### **Early Dismissal**

Early dismissals should be kept to a minimum. It is hoped that parents will utilize school vacation time whenever possible for health related appointments. However, if early dismissal cannot be avoided, late afternoon appointments are recommended. For the safety of each child, when it becomes necessary for a student to be dismissed early from his/her daily schedule, the parent must visit the office to properly release the student. **We will not release the student to anyone other than parents or legal guardians without written or verbal permission from the parent to the main office.**

### **Tardiness to School**

Student tardiness disrupts learning. Every attempt must be made for students to attend the entire school day. If a student is tardy he/she must report to the office for a pass before reporting to the classroom. Accurate records of tardiness to school and dismissals will be kept. Letters will be sent home and parent conferences will be arranged in an attempt to improve student attendance.

### **Truancy**

Truancy violates state and local attendance laws and will be considered a serious offence. If the principal determines that a student is habitually truant, the principal shall inform the superintendent and create a plan for further action. As part of correcting the problem informally, the principal shall require the student and his/her parent(s) to attend one or more meetings with the student's teacher or other school personnel.

A student is habitually truant if the student is subject to 5001-A (compulsory attendance law) and: is at least 7 years of age, has not completed grade 6, and has the equivalent of 7 full days of unexcused absences within a school year, or 5 consecutive days of unexcused absences during a school year. The school will follow Policy RHB: Truancy found at RSU26.org.

## **SECTION 4: STUDENT CONDUCT AND DISCIPLINE**

### **Statement of Philosophy**

A primary task of the school is to create a stimulating learning environment for all students. Such an environment includes broad exposure to the rights and responsibilities of citizens in a democratic society. The school environment should afford opportunities for students to exercise their rights and assume their responsibilities for citizenship.

The rights of an individual are preserved only by the protection and preservation of the rights of others. Students are responsible for the manner in which their rights are exercised and must accept the consequences for actions that extend beyond the legitimate boundaries of those rights.

The School Committee believes that the best discipline is self-discipline and that the school environment should allow students, insofar as practical, to make responsible decisions about their behavior. The School Committee believes that giving students the opportunity to practice self-discipline in school will lead to their making more responsible choices when not in school.

### **Code of Conduct**

The objective of this code is to establish such rules of student conduct, which have been deemed by the RSU #26 School Board (see policy JK) to be necessary for successful accomplishment of the mission of the schools. Rules of student conduct and administrative procedures for use in the schools shall be based upon but not limited to the following:

- A. No student shall intentionally threaten, assault, or cause physical injury to other students or any school personnel.
- B. No student shall steal or intentionally damage any school or private property either on school premises, on any school bus, or during any school-sponsored activity.
- C. A student shall not knowingly buy, sell, possess, use, transmit, or be under the influence of any narcotic drug, hallucinogenic drug, amphetamine, barbiturate, marijuana, alcoholic beverage, or intoxicant of any kind. So-called "look-alike" drugs are included in this prohibition.
- D. No student is allowed to use tobacco in the building or on the school grounds. In addition, possession of tobacco products by students is forbidden on school property.
- E. A student shall not by use of violence, force, noise, coercion, intimidation or any other conduct cause disruption of any school function; nor shall any student urge others to engage in any such disruptive conduct.
- F. A student shall not possess, handle, or transmit a knife, razor, gun or any other object that reasonably can be considered a weapon on school grounds, on any school bus, or during any school-sponsored activity.
- G. No student will engage in any form of harassment of another person.
- H. As students pursue their freedoms of speech, press, and assembly, they shall refrain from libel, slander, obscenity, personal attacks, or incitement to illegal action(s).
- I. Hazing of any type is inconsistent with the educational process and shall be prohibited at all times.

### **Student Rights and Responsibilities**

Each student has the right to a free public education in a safe environment and the responsibility to attend school regularly and not to interfere with or threaten the education of others. Every student has the right to express opinions either verbally or symbolically as long as that expression does not infringe upon the rights of others. Students have the right to determine their patterns of dress and grooming provided that such dress and grooming do not interfere with the health and safety of themselves or others and do not interfere with the educational process of the school. Except in extraordinary circumstances, no suspension shall be enforced against any student until that student has been afforded due process.

### **School Wide Discipline Plan**

The Asa Adams School has developed a school wide approach to discipline. Discipline should never be confused with punishment (although consequences often accompany ill advised behavior). Discipline should be understood as knowing the right thing to do and choosing to do the right thing. The purpose of this plan is to provide students with clear and reasonable standards of behavior, an opportunity to gain consistent feedback regarding their behavior and an opportunity to take responsibility for their own success. There are four sections to this plan: 1) our agreed school values, 2) a guide to expected student behavior, 3) categories and possible consequences for poor choices, 4) acknowledgement of positive efforts. We hope this information is helpful to you as we work with our students to teach them to take responsibility and exercise self-discipline in the management of their behavior.

<ul style="list-style-type: none"> <li>● Rough play/invading someone’s space</li> <li>● Inappropriate language</li> <li>● Disruptive /disrespectful behavior</li> <li>● Breaking school or classroom rules</li> <li>● Lying</li> <li>● Non-compliance</li> <li>● Teasing (Teasing under the minor infractions category is generally non-personal or good-natured in intent. **Serious Infractions**

Physical Aggression	Physical aggression in this category refers to fighting, or any physical behavior directed at another person that is intended to cause physical or emotional harm, or is used to intimidate the victim.
Theft	Theft is considered a serious infraction when it involves classroom or personal items other than common classroom materials such as pencils or rulers. Minor thefts may be viewed as serious if the student demonstrates a repeated pattern of stealing behavior.
Profanity	Profanity refers to the intentional use of obscene language, particularly if it is directed at staff members or other students. Profanity in this category may also include a given student's repeated use of obscene language that was previously viewed as a minor infraction by staff members.
Bullying and Harassment	Bullying and harassment are physical, verbal, or relational/psychological behaviors that are intended to cause physical harm, fear of physical harm, and/or often involve an imbalance of power between individuals. Students who repeatedly tease, taunt, intimidate, name-call, threaten, isolate, or physically injure another student will be considered to be engaging in harassment or bullying. All staff members who witness or hear reports of these behaviors should immediately report these to the office.
Property Damage	Property damage is defined behaviors that result in deliberate damage or destruction of property belonging to the school, staff members or other students.
Sustained Non-compliance	Student refuses to follow school rules or repeated directions given by the staff members even after office intervention.

Repetitive Disruptive or Disrespectful Behavior	This includes disruptive or disrespectful behavior that occurs over time despite office intervention.

**Consequences for Serious Infractions**

<p>Unless there are extenuating circumstances, serious behavioral infractions will result in an office referral. All office referrals will be followed by communication between the principal, referring teacher, classroom teacher, and parent.</p>	<p>Further student consequences or responses to serious infractions may include, but are not limited to:</p> <ol style="list-style-type: none"> <li>1. <ol style="list-style-type: none"> <li>1. Notes, emails or telephone calls home</li> <li>2. Extra recess time</li> <li>3. Verbal Acknowledgement: individual and/or whole class</li> <li>4. Opportunities to eat lunch with teachers</li> <li>5. Incentive programs</li> <li>6. Habits of Mind slips to individual students</li> </ol>

**SECTION 5: SCHOOL POLICY**

School policies are located in each RSU 26 school and found on our website, [www.rsu26.org](http://www.rsu26.org).

**Bullying Policy**

It is the intent of the Regional School Unit # 26 Board of Directors to provide all students with an equitable opportunity to learn. To that end, the Board of Directors has a significant interest in providing a safe, orderly, and respectful school environment that is conducive to teaching and learning.

Bullying is detrimental to student learning and achievement. It interferes with the mission of the schools to educate their students and disrupts the operations of the schools. Bullying affects not only students who are targets but also those who participate in and those who witness such behavior.

The Board also believes that promoting ethical and responsible behavior is an essential part of the school unit’s educational purpose. Ethics, responsible behavior, and “character” are important if a student is to leave school as a “responsible and involved citizen” as described in the Guiding Principles of Maine’s system of Learning Results. Bullying interferes with the accomplishment of this goal.

Finally, the Board recognizes the well-publicized incidents of violence and threatened violence that have occurred nationally in the past several years. As research suggests, there is a link between bullying and school violence, and the Board seeks to avoid such incidents and instead take a systematic approach to bullying prevention and intervention. It is not the Board’s intent to prohibit students from expressing their ideas, including ideas that may offend the sensibilities of others, or from engaging in civil debate. However, the Board does not condone and will take action in response to conduct that interferes with students’ opportunity to learn,

the educational mission of the RSU # 26 schools, and the operation of the schools.

### **Bullying Prohibited**

Bullying, as defined in this policy, is not acceptable conduct in RSU # 26 schools and is prohibited. Any student who engages in conduct that constitutes bullying shall be subject to disciplinary consequences up to and including suspension and expulsion. A student's bullying behavior may also be addressed through other behavioral interventions.

### **Bullying Defined**

For the purpose of this policy, "bullying" means any physical act or gesture or any verbally, written, or electronically communicated expression that:

- A. A reasonable person should expect will have the effect of:
  - a. Physically harming a student or damaging a student's property; or
  - b. Placing a student in reasonable fear of physical harm or damage to his/her property; or
  - c. Substantially disrupting the instructional program or the orderly operations of the school; or
- B. Is so severe, persistent, or pervasive that it creates an intimidating, hostile educational environment for the student who is bullied.

### **Application of Policy**

This policy applies to bullying that takes place at school or on school grounds, at any school-sponsored activity or event, or while students are being transported to or from school or school-sponsored activities or events, or at any time while using school-issued laptops or other RSU technology.

It also applies to bullying that occurs at any other time or place that substantially disrupts the instructional program, the operations of the school, or the welfare of students. In this situation and when there is no finding of fact, principals will consult with the superintendent before taking disciplinary action.

Examples of conduct that may constitute bullying include, but are not limited to:

- A. Physical contact or injury to another person or his/her property;
- B. Threats of harm to a student, to his/her possessions, or to other individuals, whether transmitted verbally, in writing, or through cyberspace;
- C. Blackmail, extortion, demands for protection money, or involuntary loans or donations;
- D. Non-verbal threats and/or intimidations such as use of aggressive or menacing gestures;
- E. Stalking;
- F. Blocking access to school property or facilities;
- G. Stealing or hiding books, backpacks, or other possessions; and
- H. Repeated or pervasive taunting, name-calling, belittling, mocking, put-downs, or demeaning humor relating to a student's race, color, ethnicity, gender, sexual orientation, ancestry, religion, disability, or other personal characteristics, whether or not the student actually possesses them, that could reasonably be expected to result in disruption of the instructional program or operations of the schools, or that results in a hostile educational environment for the student.

For the purpose of this policy, bullying does not mean interactions among consensual friends, nor does it include expression of ideas or beliefs so long as such expression is not lewd, profane, or does not interfere with students' opportunity to learn, the instructional program, or the operations of the schools. This does not preclude teachers or school administrators from setting and enforcing rules for civility, courtesy, and/or responsible behavior in the classroom and the school environment.

The determination whether particular conduct constitutes bullying requires reasonable

consideration of the circumstances, which include the frequency of the behavior at issue, the location in which the behavior occurs, the ages and maturity of the students involved, the activity or context in which the conduct occurs, and the nature and severity of the conduct.

### **Delegation of Responsibility**

The Superintendent will be responsible for working with school administrators and guidance staff to develop, implement and oversee procedures for:

- A. Student and parent reporting of bullying to staff and school administrators;
- B. Staff reporting of bullying to school administrators;
- C. Review of reports and investigation of bullying incidents;
- D. Intervention with and/or discipline of students who engage in bullying;
- E. Support for students who are victims of bullying;
- F. Regular, on-going training programs in bullying prevention for staff and students; and
- G. Periodic evaluation of bullying prevention, intervention, and training efforts in RSU # 26 schools and reporting on such efforts to the Board annually in June and/or upon request of the Board at any other time.

### **Reporting**

Students who have been bullied or who observe incidents of bullying are strongly encouraged to report this behavior to a staff member or school administrator. Parents/caregivers are also encouraged to report incidences of bullying to school administrators. Staff should report bullying to the building principal.

Acts of reprisal or retaliation against any person who reports an incident of bullying are prohibited. Any student who is determined to have falsely accused another of bullying shall be subject to disciplinary consequences.

### **Responding to Bullying**

In determining the appropriate response to students who engage in bullying behavior, school administrators should consider the ages and maturity of the students involved, the type of behaviors, the frequency and/or pattern of behaviors, the context in which the incident occurred, and other relevant circumstances. Consequences may range from positive behavioral interventions up to and including suspension, expulsion, and/or reports to law enforcement officials.

### **Dissemination of Policy**

School employees, students, and parents/guardians shall be informed of this policy/procedure through handbooks and/or other means selected by the school administration.

## **Medications**

### **School Policy**

Orono Schools discourage administering of medicines on school premises. The administration of medications (prescription and non prescription) to a student during school hours will be permitted only when failure to take such medicine would jeopardize the health of the student or the student would not be able to attend school if the medicine were not made available during school hours. When medication administration is necessary, the school nurse and/or unlicensed-trained personnel may administer medications in accordance with this policy.

Asa Adams School disclaims any and all responsibility for the diagnosis and/or prescribing of treatment for any pupil. For purposes of this policy, "medication" shall include all medicines prescribed by a physician/dentist for a particular student.

## **Physician Prescribed Medication**

Such medications should only be administered in accordance with written authorization and instruction from both the parent and the prescribing physician. Teachers and other unlicensed-trained personnel (who have been trained) may administer medication in accordance with this policy. Approval by the school nurse, school physician and/or principal shall be required verifying compliance with school committee policy and regulations and practicability of implementation.

Medicine must be delivered to the school in its original container by the pupil's parent/guardian. Only a limited, necessary supply can be kept in school. There is a specific form for parents/guardians to complete before medication can be dispensed. This form is available from the school nurse or the school office. Medicine no longer required must be removed by the pupil's parent/guardian.

All medications will be dispensed by the school nurse. Trained school personnel will be available to administer medications on a limited basis.

## **Security and Storage of Medications**

All medicine will be appropriately maintained and secured by the principal and/or school nurse. Teaching staff members may be provided with such information about the medication and its administration as it may be in the pupil's best interest. The school nurse or trained personnel shall maintain appropriate records including the request, the approvals, details of the dosage and timing of medications and a notation of each instance of administration.

The written order of a prescribing physician/dentist shall include:

- The dosage
- The time and special circumstances under which the medicine is to be administered
- The length of time for which the medicine is prescribed-no longer than for the current school year
- Possible side effects of the medication

## **Self Administered Medications**

Students shall not be permitted to carry and self-administer physician prescribed medications in school except under very special circumstances as requested and prescribed by the student's physician and approved by the school physician, school nurse and principal (such as in the case of a responsible, adequately instructed asthmatic/allergic student given special permission to carry an inhaler to self-medicate).

Any student who allows his/her medications to be used by another person at school will be held accountable to the fullest degree allowable for the passing of substances on school grounds.

The Orono School Department retains the right to reject any request for the administration of medications, subject to applicable law and regulations.

## **Illness**

**\*\*\*Important: please refer to the Return to School Guidelines located at the end of this document\*\*\***

**If your child is not feeling well enough to go outside for recess, the child should be home for that day.** Individual allowances will be made for children who are on medication and under a doctor's care. We appreciate your understanding and your cooperation.

**Conjunctivitis (Pink Eye)** - This condition can be very contagious; it is an inflammation of the covering of the eye. A virus or bacteria can cause conjunctivitis. A child cannot return to school until they have been evaluated and treated by their physician. If your child wakes up with crustiness in his/her eye and the whites of the eye appear pink and there is complaint of itchiness or soreness, your child probably has conjunctivitis. Please call your doctor for advice.

**Strep Throat** - It can be contagious and must be treated by your doctor with antibiotics. Your child needs to stay at home until he/she has been on antibiotics for 24 hours.

### **Introduction**

The school unit provides computers, networks and Internet access to support the educational mission of the schools and to enhance the curriculum and learning opportunities for students. The Board believes that the resources available through the Internet are of significant value in the learning process and preparing students for future success. At the same time, the unregulated availability of information and

communication on the Internet requires that schools establish reasonable controls for lawful, efficient and appropriate use of this technology.

Student use of school computers, networks and Internet services is a privilege not a right. Students are required to comply with policy and the accompanying rules. Students in violation may have their computer privileges revoked and may also be subject to further disciplinary and/or legal action.

All school unit computers remain under the control, supervision, and ownership of the school unit. The school unit reserves the right to monitor all student computer and Internet activity. Students have no expectation of privacy in their use of school computers.

While reasonable precautions will be taken to supervise student use of the Internet, the school unit cannot reasonably prevent all inappropriate uses, including access to objectionable materials and communication with persons outside of the school, in violation of Board policies/procedures and school rules. The school unit is not responsible for the accuracy or quality of information that students obtain through the Internet.

Devices for grades K-5 will remain within the building and students will review a Computer and Internet User Guidelines document with their homeroom teacher. \*Please note, during the Covid-19 pandemic, students may be taking technology between home and school, depending on the grade level and if the district/school is operating in full remote, hybrid, or full in-person.\*\*

The Superintendent shall be responsible for overseeing the implementation of policy and the accompanying rules and for advising the Board of the need for any future amendments or revisions to the policy/rules. The Superintendent may develop additional administrative procedures/rules governing the day-to-day management and operations of the school unit's computer system as long as they are consistent with the Board's policy/rules. The Superintendent may delegate specific responsibilities to building administration and others as he/she deems appropriate.

**For Your Information:**

- The Apple Macbook Air (or equivalent) and accessories that students are being issued/supplied with are the property of the State of Maine, registered to RSU 26 and then supplied to you the student. The computer is only to be used for appropriate purposes as defined within this policy and all other school guidelines.
- Laptop devices for grades K-5 will remain in the classrooms and/or laptop carts and be under direct supervision of the classroom teacher. \*\*During Covid-19 pandemic, this may mean students take technology home for use.\*\*
- Teachers, school administrators, Ed Techs, and the technology director may inspect a student's laptop at any time. This inspection may include, but not be limited to, checking logs of past activity. Students may not clear items from the history.
- Any inappropriate use of your laptop may result in laptop privileges being taken away for a period of time that will be determined by administration. Severe or repeated incidents may result in the laptop being taken away indefinitely.

- I. **Parental Permission Required:** Students in grades 6-12 and their parent/guardian are required to sign and return the Computer/Internet Use Acknowledgment Form before being allowed to use school computers. Students in grades K-5 will have direct staff supervision. \*During Covid-19, all students/parents will be required to sign this acknowledgement form, as the technology will be going between home and school in order for virtual learning to take place.\*\*
